When East and West survived on a knife-edge between peace and war, both sides were busy preparing themselves for military action. But what exactly would NATO's troops have faced if the Cold War had suddenly turned hot?

This compendium edition brings together the content of the first three books of the Weapons and Equipment of the Warsaw Pact series: Tanks and Combat Vehicles of the Warsaw Pact, Combat Engineering Equipment of the Warsaw Pact, and Artillery of the Warsaw Pact.

About the Author

Russell Phillips writes books and articles about military technology and history. Born and brought up in a mining village in South Yorkshire, he has lived and worked in South Yorkshire, Lincolnshire, Cumbria and Staffordshire. He currently lives in Stoke-on-Trent with his wife and two children.

Russell's articles have been published in *Miniature Wargames*, *Wargames Illustrated*, *The Wargames Website*, and the Society of Twentieth Century Wargamers' *Journal*. He has been interviewed on *BBC Radio Stoke*, *The WW2 Podcast*, *The Voice of Russia*, and *Cold War Conversations*.
